Mel-Co-Ed, Inc.

Pawtucket, Rhode Island
Since 1948

Ornamental metal stamping & die striking

Third-generation, family-owned manufacturer of decorative metalwork and industrial components. We develop tooling, strike samples and run repeat orders in Pawtucket.

Open Line floral stampings

Embossed pattern stock

Ornamental stamping

Custom badges, emblems, medallions, pins and awards. Open Line findings and embossed pattern stock are also available for product collections.

Tooling & development

Our Pawtucket tool room builds and maintains dies. Start with artwork, a drawing or an existing sample. We review the relief, edges and attachment before tooling.

Industrial components

Progressive and single-operation stamping for parts suited to our presses. Include the grade, stock thickness, critical tolerances and mating features.

Materials & finishes

Options include brass, copper, nickel silver, sterling silver and selected steels. We coordinate polishing, plating and color fill with finishing partners.

What to send for a quote

A drawing, design or sample, overall dimensions, material and finish, first order quantity, expected reorders and target delivery date. Minimum quantities and lead times are evaluated for each project during quoting.
